

# Tunkhannock Business & Professional Association

## 2022 Membership

We are gearing up for a better year!

As we plan for 2022 activities, we are most grateful for the members who continue to be the strength of this community. 2021 was certainly not easy. All member businesses were impacted and TBPA had to rework events designed to bring visitors to the Tunkhannock community. We ended 2021 on a high note with an expanded celebration of Christmas in Our Hometown.

But we learned some lessons along the way and remain committed to advocating for the continuing growth and well-being of this community.

Incorporated in 2001, The Tunkhannock Business and Professional Association promotes the entire community for the benefit of businesses and professionals, area residents, and visitors to the greater Tunkhannock area.

2022's plans are already underway for a March Tunk-opoly game, Founder's Day, Fall Fest and Christmas in Our Hometown. While continuing to be mindful of necessary protocols, we see opportunities to grow these events.

TBPA's website [tunkhannockbusiness.com](http://tunkhannockbusiness.com), along with Facebook and Instagram presence, accounts, [tunkhannockbiz](https://www.facebook.com/tunkhannockbiz), further promote members and events.
